

Creamy Delight Bar

I've got a problem. I think I'm becoming an ice-cream snob. But I ask you, who cares about those franchise flavors - like granola peanut supreme and Hungarian chocolate - when you can buy a Creamy Delight Bar. You don't just eat a Creamy Delight - you savor it. But if you haven't experienced Creamy Delight, you wouldn't understand. So what are you waiting for? Pick up a Creamy Delight Bar and become an ice-cream connoisseur, like me!
