

Dish Net DVR

Congratulations! Welcome to the exciting world of Dish Network DVR. We have designed this 'quick tips video' to help you get the most out of your Dish Player DVR. And at the end of this video, you'll be able to: pause live TV for up to 2 hours, skip commercials in recorded or paused programming, create your own instant replays by skipping back, fast forward to get to the good parts of your shows, reverse record live TV to watch scenes again, and record your favorite TV shows and movies.
