

**Bergman's Dental Care (male/female middle-aged adult)**

Say Bergman's! (SFX camera flash)

We've been looking after Chicago's pearly whites for three decades at Bergman's Family Dental Clinic, and this year is no exception.

Starting in February of 2007, we'll be taking new patients and you could be one of them!

Dr. Green, a dentist with over 10 years experience, will be joining the Bergman team soon, and she can just barely wait to meet you!

If you've been looking for a family dentist, you're in luck. Dr. Meryl Green specializes in children's dental care, certified as a practicing orthodontist for kids!

Call 555-5555 to get on Dr. Green's patient list today.
